EDUCATION

Mapua Malayan Colleges Laguna   **08/2019 - 10/2024**
BS Information Systems   *San Pedro, Laguna*

WORK EXPERIENCE

MIMS Philippines   **03/2025 - Current**
Manual QA Tester   *Makati City*

- Created, reviewed, and maintained detailed test cases and test scenarios based on business requirements and functional specifications
- Executed manual testing for UAT, STG, and PROD environments to ensure system stability and quality before deployment
- Identified, documented, and tracked defects using issue-tracking tools, ensuring timely resolution with developers
- Performed regression, functional, and smoke testing to validate system enhancements and bug fixes
- Collaborated with Business Analysts, developers, and stakeholders to clarify requirements and ensure alignment with expected results

Supported production validation and post-deployment testing to minimize system issues
